

Mini-Bank

e4000

value
unmatched

The Tranax **Mini-Bank e4000** offers best-in-class value. Its contemporary design is matched with the reliability, durability and security you've come to expect from Tranax.

Building from experience of our 80,000 unit installed fleet, the Mini-Bank e4000 is loaded with a host of standard features including a **VISA/Interac certified encrypting PIN pad (EPP)**, an ADA voice guidance system, and lighted transaction guidance indicators.

At 260 lbs, the solid construction of the Mini-Bank e4000 (UL291) provides a **secure vault** while at the same time offering the same **modular construction** for ease of access/maintenance.

ADVANCED SERVICES

The Mini-Bank 4000 series are designed for upgrade paths.

WebRMS is a web-based monitoring and cash management solution that ensures a reliable network of ATMs. Instant alerts on your cell phone and via email, as well as online access to electronic journal records, allow you to monitor the health of your ATMs 24/7. WebRMS increases your ATMs' uptime and lowers your operational costs.

Tranax Extend offers ATM owners a worry-free investment in a Tranax ATM beyond the standard manufacturer's warranty. If a component of an ATM covered under Tranax Extend is in need of repair, Tranax will promptly ship a working replacement part at no charge.
